IBM Veteran Bill Josko joins R-mor

NEW YORK, NY September 14, 2022, R-MOR, LLC, a leading cyber-security solution provider, today announced the addition of a key executive hire to the R-MOR leadership team.

William J. Josko joins R-MOR as its new Chief Revenue Officer and will have responsibility for leading the company's global sales organization as the company continues to grow in the Americas, Europe, the Middle East, and Africa. Bill previously spent over 15 years at IBM where he led IBM's Public Safety, Law Enforcement, and Justice Industry Segment, as part of IBM's Global Government Team. He was responsible for setting IBM's global solutions and consulting strategies for Public Safety & Justice. Prior to joining R-MOR, Bill ran SICPA North American Business Development as well as its business partner ecosystem for Digital and Brand Protection.

"Bill's proven track record of building sales organizations, developing partner ecosystems, and scaled success will be critical as R-MOR enters our next stage of global growth. Bill is an exceptional professional, whose character, leadership and entrepreneurial spirit are a perfect fit for R-MOR's culture. We could not be more excited to have him join our team, " said Bo Pyskir, R-MOR's CEO.

About R-mor

R-MOR is a New York headquartered cybersecurity solution provider with offices in Latin America, Europe, and Israel. R-MOR's Reconizer solution is an industry-leading attack surface management tool. Reconizer predicts and alerts cyber professionals to dangerous vulnerabilities other solutions can't see. Reconizer's AI processes over 400,000 discrete cyber intelligence data sources scraped from the web and predicts where a hacker is most likely to attack telling you how to counteract the threat.
